"Thought of the Day"

"When we strive to become better than we are, everything around us becomes better too." - Paulo Coelho

Hello Everyone

Well we certainly have seen Jack Frost at work just recently. Do hope you are keeping warm and avoiding the nasty bugs going around making us feel really under the weather. We cannot grumble about the beautiful days with clear blue skies and sunshine warming us up but once it disappears it is a big difference in temperature.

What a delight it was to watch the students from the college dance for us at our last meeting, we could all see how much they enjoyed what they were doing, smiles all round, just a pity it was over too fast. Now they have performed for us they can work on a more extensive programme to entertain us next time.

Fire Drill - not what we anticipated but a necessity. I will be talking to you all at the next meeting so we can, if needed, make a quicker exit with less hassle.

I do apologise for the shortness of our last meeting, although I was a Girl Guide, I was not prepared!

Take care everyone - Janet
